

Skin ampoules

Skin ampoules are the latest top trend. Single-dose with a high concentration of active ingredients, they have an instant effect on the skin. At Neftis Laboratorios we are excited about anticipating the boom by offering our customers a wide range of these future beauty essentials.

The volume chosen is ideal for using half the ampoule in the morning and half at night. They must always be applied to clean skin and can be spread by gently massaging the face, neck and cleavage.

OF NOTE ARE:

- Their high concentration of active ingredients.
- Their light, fluid textures.
- Their ease of spreading and absorption.
- Most oil free.
- Most silicone free.
- Indicated for any age.

If you are interested in our new line. Ask us for more information. Samples are available for testing. Do not let your customers miss out on the magic of our energetic aqueous fluids.

BIPHASIC

They combine a part with oils, common to the whole range of ampoules and a watery part that varies according to the functional activity to be obtained. The oily phase includes a 100% vegetable oil that nourishes, softens and provides the skin with great antioxidant benefits.

These two-phase ampoules have a light and pleasant texture. They are quickly absorbed leaving the skin velvety.

BIPHASIC HYDRA

NEF720

HYDRATION AND RADIANCE WITH MARINE POWER

Rich in rhamnose, galactose and glucuronic acid, ingredients with anti-inflammatory properties and high protective capacity. This allows them to strengthen the skin barrier and reverse damage caused by external agents (UV, pollution, ...) that accelerate skin aging. At the same time, they act on the skin cells releasing β -endorphins, molecules of pleasure.

BIPHASIC ECTOIN

NEF721

FIRMNESS AND ICE-COOL FRESHNESS FOR RADIANT SKIN

Highly concentrated in Ectoin (2%), multifunctional active and with extensive scientific bibliography on the matter. It stands out for its calming, repairing and protective properties. They visibly transform dry, scaly and rough skin into healthy, moisturised, soft and supple skin.

BIPHASIC NIACINAMIDE

NEF722

BRIGHTNESS AND FIRMNESS IN EVERY AMPOULE

With niacinamide or vitamin B3 (5%), a very popular active ingredient due to its excellent antioxidant and illuminating activity. It is also used as a purifier and to attenuate skin blemishes. Its use brings luminosity to the face. Its effect is combined with the Argireline peptide (3%), the perfect ally to rejuvenate the skin.
